

# ZOOM IN, ZOOM OUT

- 1) Pick an observation from the bioblitz and sketch it below in the rectangular "Zoom Out" box.
- 2) Zoom in and focus on one part of the organism and sketch it in the "Zoom In" circles. Describe the function of the part next to your sketch.
- 3) Draw arrows from the "Zoom In" circles to the "Zoom Out" box to show the part of the organism that you zoomed into.
